

## Publications and reports

### ***Selected publications***

- Lavergne, E., Calves, I., **Zajonz, U.** & Laroche, J. (2011). Isolation and characterization of nine microsatellite loci of *Terapon jarbua* (Forsskål, 1775) from Socotra Island (Gulf of Aden) using multiplex PCR. *Molecular Ecology Resources*.
- Krupp, F. **Zajonz, U.** & Khalaf, M. (2009). A new species of the deepwater cardinalfish genus *Epigonus* (Perciformes: Epigonidae) from the Gulf of Aqaba, Red Sea. – *aqua – International Journal of Ichthyology* 15 (4): 223-227. (available as pdf-file)
- Krupp, F. & **U. Zajonz** (2009). Erforschung und Management der biologischen Vielfalt des Sokotra Archipels. *Jemen-Report, Mitteilungen der Deutsch-Jemenitischen Gesellschaft e.V.*, 40(2): 40-54. (available as pdf-file)
- Zajonz, U.** (2006). *Plectranthias klausewitzi* n. spec. (Teleostei, Perciformes, Serranidae), a new anthiine fish from the deep waters of the southern Red Sea. – *aqua – International Journal of Ichthyology* 12 (1): 119-126. (available as pdf-file)
- Gill, A.C. & **Zajonz, U.** (2003). *Halidesmus socotraensis* new species and *Haliophis guttatus* (Forsskål), new records of congrogadine fishes from the Socotra Archipelago (Perciformes: Pseudochromidae). – *Proceedings of the Biological Society Washington* 116 (1): 52-60. (available as pdf-file)

### ***Selected scientific reports***

- Zajonz, U.**, Deodatus, F. & Al-Harrani, G. (2010). Phase IV Report (Final Synthesis Report). Yemen Strategic Environmental Assessment of Coastal Zone Management. Report to the World Bank and the Environment Protection Authority, Yemen. GOPA and BiK-F, i-viii + I-IX + 129 pp. + 10 Annexes.
- Zajonz, U.** & Klaus, R. (2007). The Pilot CZM Areas of Bir Ali - Burum and Sharma - Jethmun. Coastal Zone Management Plan for Bir Ali-Burum and Sharma-Jethmun (Deliveries B03+B04). Report to the Environment Protection Authority, Yemen and the World Bank-GEF. 257 pp. + XVIII Appendices (2 Vols.). MacAlister Elliott & Partners Ltd, U.K.; Scientific Council for Systems and Applied Science, Sana'a. (available as pdf-file)
- Klaus, R. & **Zajonz, U.** (2005, updated 2007). The Pilot CZM Areas of Bir Ali - Burum and Sharma - Jethmun. Map Catalogue. Versions 1.1-1.3 (Delivery D01-D08). Report to the Environment Protection Authority, Yemen and the World Bank-GEF. 11(9) pp. + V(IV) Annexes + CD-Rom. MacAlister Elliott & Partners Ltd, U.K.; Scientific Council for Systems and Applied Science, Sana'a. (available as pdf-file)
- Zajonz, U.** & Khalaf, M. (2002). Inshore fishes of the Socotra Archipelago: diversity and community structure. In: *Marine Habitat, Biodiversity and Fisheries Surveys and Management, Report of Phase III (UNOPS YEM/96/G32, C-972248)*. Apel, M., Krupp, F. & Hariri, K.I. (Eds.): 237-296. Senckenberg Research Institute; Frankfurt a.M., Germany. (available as pdf-file)

***Current publication projects***

Lavergne, E., **Zajonz, U.**, Sellin, L. (2011) Length-weight relationships of *Terapon jarbua* (Forsskål, 1775) from the northwestern Indian Ocean including Socotra Island. *Journal of Applied Ichthyology* (submitted).

Gill, A.C. & **Zajonz, U.** Revision of pseudochromine and pseudoplesiopine fishes from Socotra Archipelago, including description of two new species.

**Zajonz, U.** The fish communities of Socotra Archipelago: "reefal" diversity in a marginal coral environment.
