PUBLICATION LIST

As Lead Author

- Measurement of isolated photon production in deep inelastic ep scattering
Physics Letters B 687 (2010) 16-25
- Prompt-photon production in DIS
Workshop Proceedings for DIS 2009, 26-30 April 2009, Madrid

As a Member of the ZEUS Collaboration

As is conventional in particle physics, I am listed as an author on all ZEUS collaboration papers published since making a substantial contribution to the collaboration. In my case the contribution were performing data-taking shifts, improving the ZEUS detector computer simulation and other software improvements.

A full list of all papers on which I am included as an author (currently 44) can be found by clicking the weblink below,

All papers as listed author.
